Luxury Hospitality & Fine Dining Brigade

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the **Demi Chef de Partie** position within your esteemed kitchen brigade. Backed by 7+ years of progressive culinary experience across premier 5-star properties in the United Arab Emirates—and currently executing hot and cold section operations at **Sand & Koal (Michelin Guide)** at **Emirates Palace Mandarin Oriental, Abu Dhabi**—I offer an uncompromising dedication to fine dining precision, line efficiency, and luxury hospitality standards.

Throughout my culinary career, I have cultivated comprehensive technical mastery spanning hot kitchen line production, cold larder (Garde Manger), and whole-animal butchery fabrication. During my tenure at the flagship 5-star **Jumeirah Beach Hotel**, I proved exceptional stamina and consistency by executing simultaneous multi-service production across **900+ covers daily** in one of Dubai's most demanding all-day dining environments. At Emirates Palace Mandarin Oriental, operating under Executive Outlet Chef Jack Jarrot, I seamlessly adapted to exacting Michelin-calibre discipline, perfecting recipe fidelity, refined presentation, and rapid station cross-coverage while upholding a flawless 100% compliance audit record in **HACCP Level 3** and allergen management protocols.

Complementing my line craftsmanship is a proven entrepreneurial foundation and acute commercial acumen. During the global hospitality shutdown, I founded and commanded **Black Lemon Cloud Kitchen** and created the **Bayt Al Bites** restaurant concept, maintaining complete P&L accountability, achieving an optimal **18% food cost baseline**, managing wholesale procurement, and cultivating a recurring base of 150+ satisfied clients. Holding a Bachelor of Accounting, I bridge creative culinary excellence with business discipline—ensuring rigorous portion control, zero protein wastage, and inspiring mentorship that elevates junior commis chefs to peak performance.

I am eager to leverage my Michelin-calibre discipline, high-volume luxury adaptability, and passion for culinary perfection to contribute meaningfully to your kitchen's continued acclaim. Distinguished professional references from executive culinary leaders at Emirates Palace Mandarin Oriental and Jumeirah Group are available upon request. Thank you for your time, consideration, and review of my credentials. I welcome the opportunity to discuss how my expertise aligns with your brigade's operational objectives.

Sincerely,

Muhammed Ansheed
